(Reversed whispers: "flesym ees ot tnaw I" / "Every hidden part")

Scene: The Mirror Awakens

Song: "Shattered Self"

Context: Kairos speaks to the ancient mirror, which reflects every hidden truth, causing psychological fractures.

Lyrics:

Verse 1:

I stand in the center, spinning around
Mirrors whisper, no escape to be found
Salt-stained glass, it hums and it breaks
Every truth, every lie, every mistake.

Chorus:

"flesym ees ot tnaw t'nod I"

(I don't want to see myself)

"flesym ees ot tnaw t'nod I"

(I don't want to see myself)

Shattered pieces, I fall apart

Reflectspeak echoes in my heart.

Bridge:

Forty days, forty nights, I prayed
But the mirror showed me, I can't evade
Darkness, light, the cracks in my soul
I wanted wholeness, but I lost control.

Act II: The Division

Scene: The Transformation

Song: "Shadow and Light"

Context: Kairos's psyche separates into fragments. Corvus and Luminara take shape as Kairos fades.

Lyrics:

Verse 1:

Raven feathers, crystal light
Two figures born from the night
Shadow whispers, radiant glow
Kairos fades, they let go.

Chorus:

We could be shadow, we could be light
We could be whole, but not tonight
Split in two, we take our place
Shadow and light, the human race.

Verse 2:

Darkness calls, the light replies
Truth is found in fractured skies
No perfection, no escape
Integration is what we make.

Scene: The First Mirror of Yearning**Song: "The Test"**

Context: Kairos faces three versions of themselves: shadow, light, and the messy, real center.

Lyrics:

Verse 1:

Left is shadow, right is light
Center's messy, a painful fight
What do you wish to be?
The mirror whispers to me.

Chorus:

This is not what I need, but I want this
This is not what I need, but I want this
This is what I need, I choose the truth
Messy, flawed, but real in youth.

Bridge:

The mirror cracks, the choice is made

Shadow and light, the price is paid
Kairos fades, but the test remains
Wanting and needing, the human chains.

Act III: The Keepers' Internal Conflict

Scene: Corvus's Solitude

Song: "Ink Tears"

Context: Corvus stands alone, weeping ink as they yearn to be light but choose to remain the shadow for the sake of others.

Lyrics:

Verse 1:

Ink falls from my eyes, black as night
I reach for the glass, yearning for light
They'll fear me forever, shadow's curse
But I am the darkness, I'll face the worst.

Chorus:

This is not what I need, but I want this
I need the shadow, I am the abyss
This is enough, I'll carry the weight
I am the shadow, I'll open the gate.

Bridge:

The mirror cracks, my heart breaks too
But I'll guide them through the darkened view
Wanting light, but needing the shade
I am the shadow, I'll never fade.

Scene: Luminara's Palace

Song: "Radiant Mirrors"

Context: Luminara struggles with her shallow brilliance, wishing for the weight and substance of the shadow.

Lyrics:

Verse 1:

Crystal light, I blind their eyes
They love me, but they don't realize

Radiance shallow, depth denied
I want the shadow, I want the tide.

Chorus:

This is not what I need, but I want this
I need the light, I am the bliss
This is enough, I'll shine the way
I am the light, I'll never stray.

Bridge:

The mirror cracks, my yearning burns
But I'll show them the dreams they've earned
Wanting shadow, but needing the glow
I am the light, I'll let it show.
